Dear Attorney General Ashcroft,

I want to first thank you most sincerely for bringing Christian dignity and honor to your held post for you have thus brought blessing to this nation.

I also wish to support your efforts to end the Microsoft attack. Clinton's elitist government set out hell bent to destroy American private, free enterprise and did so in one account by attacking Microsoft. His attack resulted in the collapse of the stock market causing me to loose all my retirement and investment savings, complete 100% loss. I know many others who lost severely as well. It is high time to stop elitist government, anti-American government policies and actions and to return America to free enterprise, return soverienty to states and Constitutional rights to United States citizens.

End the Microsoft fiasco now!

Respectfully,

Dr. David C. Fisher, OD, MPH
